

## WH70 High End Quiet Whole House Dehumidifier

The WH70 whole house dehumidifier with pump is small in shape, light in weight, and easy to control. Users can use a Honeywell or TrolMaster controller to operate the WH70 dehumidifier. To pursue a higher living environment, it is recommended to equip a WH70 dehumidifier at home (preferably installed by professional installers). As a top-rated home dehumidifier manufacturer, Preair is committed to improving global humidity control and providing the most suitable dehumidification solution.

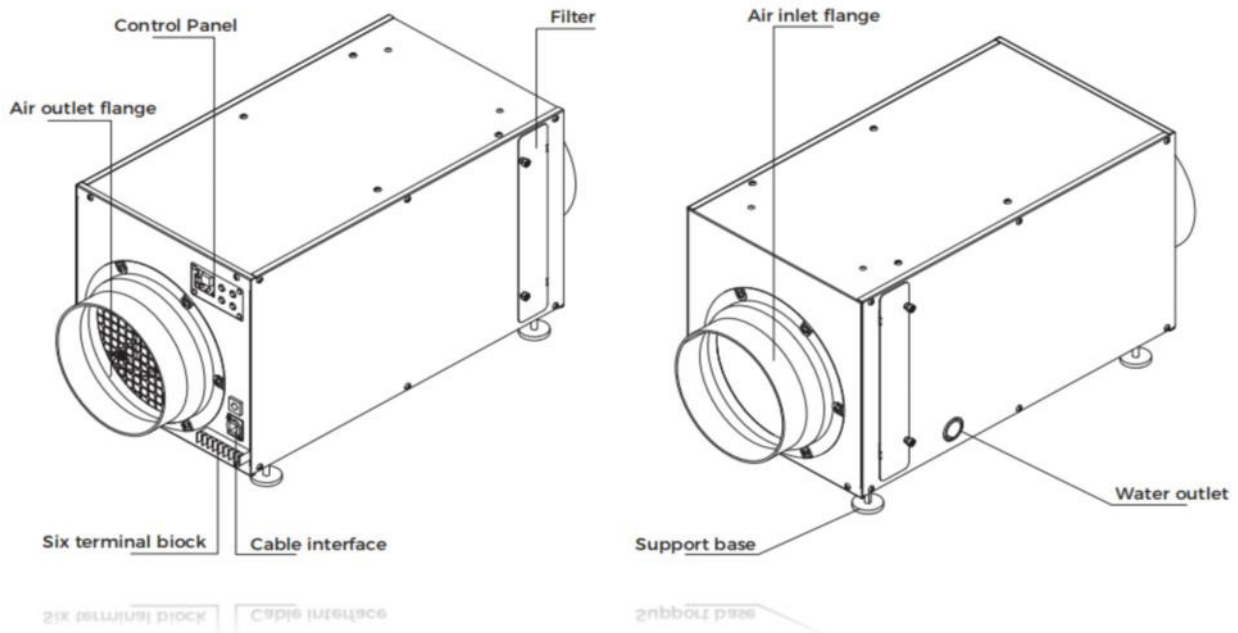

## Specifications of WH70 Efficient Whole Home Dehumidifier

NO.	WH70
Power	115V/60HZ
Rated Current (A)	4.3
Rated Power (W)	490
Energy Efficiency (L/kWh)	2.5
Air Volume	170CFM
Noise(dB)	65
Dehumidification Capacity (30℃ 80%RH)	100PPD
Dehumidification Capacity (26.7℃ 60%RH)	70PPD
Dehumidification Capacity (32℃/90%RH)	140PPD
Functioning Temperature Range	5℃-35℃
Functioning Humidity Range	10%-90%RH
Commercial Use	Home
Refrigerant	R32
Filter Screen	MERV8
Drainage Method	3/4NPT direct drainage

## Structure of WH70 Central HVAC Dehumidifier

## Compatible with Honeywell and TrolMaster Controller

**Honeywell**

**TrolMaster**
